

Plan

- Establishing a B-CIT centre to educate financially weak students.

Prepare

- Locating a spot for establishing a centre nearest to the residential area of the Targeted audience.
- Preparing a report of students living in nearby locality and the School/College or organization they are studying in and giving a demo Introduction session with the cooperation of their organizations.
- Contacting Local Politician Ideal figures to Targeted audience, Explaining the intentions and vision of the project, and inviting them to the occasion of Centre Establishment as Chief Guests.

Process

- Purchasing refurbished Cluster of Systems (150 units) from Local Market & Social Service Establishments.
- On the auspicious day of Establishment Inviting the targeted audience to participate in the Entrance Exam Free of Cost to get them Enrolled for the course.

Analyze

- After the successful Enrolment of around 1500 students, based on their scores obtained in the Entrance Exam allocating their Fees structure within the range of MAX-300 to 100 INR/Month.
- **Using Mysql & Hive DB to store & Analyze Student data consisting of General Information & Course Scheme allotment group-wise.**
- Creating an Ideal Syllabus for B-CIT course by keeping the Targeted Audience in consideration.
- **After gathering all the Data prepared a Curated form table in the vision of Schemes Allotted and converted the Statistical data into a Pie Chart to Understand the Maximum Possible Revenue Generation Scheme wise.**
- Declaring an Ideal Budget for all expenses related to the Establishment.

Share

- Based on the response of Target Audience a Project Report is finalized. Explaining the Project Statistics and Vision with Local Press Reporters.
- Preparing a statistical report comparing the Market Value and Fees for the same course available with us and Explaining the Merits in the case of Quality of Education, Course Fees, Teaching Environment, etc.
- Elaborating the Political merits to the Local Politician Parties and Explaining the Importance of the Project which will contribute to Brightening the Future of the young mob. Eventually proving Locally that we are working for a Noble Cause.
- Elevating the Stats of the number of Records & Enrolment generated during the Exam & number of students Registered for the course and sharing these stats with the Local Targeted Audience & Press.

Act

- After a Week of Establishment, all the activities like Publicity, Resource gathering, Staff procurement, and Finalizing Budget Quota are closed successfully. Now it's the Day to Launch the Course Parallely for all 1200 students by dividing them into 10 Batches (120 Students/batch).
